FRANCE SEEKS CLEMENCY

Venezelos, Greek Premier, on
Hand to See Turks Don't
Escape Penalty.

By LAURENCE HILLS.

Small correspondence of THE SUN and NEW YORK HERALD. Copyright, 1920, by THE SUN and NEW YORK HERALD.
Paris, June 17.—With the arrival today of Turkey's peace delegation, headed by Damad Ferid Pasha, the near East political pot is boiling furiously. There seems as yet no middle ground upon which the French and British divergencies of opinion regarding the treaty can be reconciled.

The financial objection by France to continued occupation of the Syrian and other Turkish zones in exchange for which the Republic obtains no material benefit is demanding attention. Important Socialist and moderate factions are insisting that France should not expand millions yearly in altruistic fellowship for the Lloyd George policy.

Premier Venezelos is now in London for the purpose of convincing the British Premier of the necessity of not yielding to French pressure. The idea prevails that the Bolshevik menace to the Caucasus, Persia and Mesopotamia will cause Lloyd George to hesitate before refusing to have the Turkish plan, as with French military support removed, French will be unable ultimately to face two hostile states.

According to the informant of THE SUN and NEW YORK HERALD, French correspondents, leading French diplomats believe that it would be feasible to return Turkey to the status quo ante bellum with the Allies participating in but not controlling the financial power of the Empire and the economic supervision of the areas where international influence could be exercised.

It was the recognition of the necessity for some such plan which secured the unanimous approval of the French Foreign Affairs Committee for the project to send to the Near East special commissioners in an effort to avoid a war of attrition more far reaching and more costly than the conflict against German imperialism.

FRANCE AND ITALY
SEEK TREATY CHANGE

Both Urge Easier Terms, but
Britain Won't Scrap Pact.

London, June 17.—There is no intention of scrapping the Turkish treaty as has been reported, so far as the British Government is concerned, it was learned today. But it was intimated that Britain is willing to make important modifications in the hope of stabilizing the near East situation.

Conditions in that part of the world are rapidly becoming worse from a British standpoint, and certain Ministers are declared to be willing to change some

clauses of the treaty most objectionable to the Turks if steps to relieve the situation are promised.
It is pointed out in authoritative quarters that Italy doubtless would be willing to tear up the treaty and start all over again, as the present document seems to please no Italian statesman because of its decisions on Thrace and Smyrna.
The French are reported to occupy a middle position between that of Italy and Great Britain and may be expected to demand modifications considered by Great Britain as too lenient on the Turks and by the Italians as not lenient enough.

TURKS FIGHT BRITISH
ON MARMORA FRONT

Wound 30, but Kept From
Coast by Fire of Warships.

CONSTANTINOPLE, June 16.—Turkish Nationalist troops yesterday attacked a company of British Indian troops on the Marmara front who were withdrawing under an agreement. The Turks wounded thirty and captured a British intelligence officer. Reinforcements were sent to the assistance of the Indians while warships kept the Turks off by shelling their positions.

Although it is considered certain that Mustafa Kamal Pasha, head of the Turkish Nationalist Government at Ankara, was chagrined by the fact that the British were barring his way to Scutari, opposite Constantinople, there is nothing in the reports on the incident to show that he ordered the attack on the British.

Paris, June 17.—The Temps says today that the French battalion which had been occupying Bosono, in Cilicia, Asia Minor, and which was captured recently by the Turks, numbered ten officers and 130 men. Their capture, the Temps adds, took place before the armistice between the French and the Turkish Nationalists went into effect.

KEEPS BRITAIN OUT
OF MOROCCO MINES

Millerand Denies France Has
Yielded Algeiras Rights.

Paris, June 17.—During a discussion of the budget for Morocco in the Chamber of Deputies today Premier Millerand in reply to a question denied that concessions for phosphate mines had been granted to an Anglo-Italian group. The Premier added that the provisions of the treaty of Algeiras had been cancelled by the treaty of Versailles only in the case of Germany. For the Allies, he declared, the Algeiras treaty remained the one open door.

Under Article 141 of the treaty of Versailles Germany renounced all rights, titles and privileges in Morocco conferred on her by the general act of Algeiras of April 5, 1906, and by the Franco-German agreements of February 5, 1909, and November 4, 1911.

SPANISH SAILORS' MONUMENT.

Planned in Memory of Dead at
Santiago and Cavite.

CAIRO, Spain, June 17.—A monument is to be erected to the memory of Spanish sailors who died at Santiago, Cuba and Cavite, Philippine Islands. The monument will take the form of a lighthouse and will be erected either at Tarifa or Trafalgar.
The committee of organization has received the promise that King Alfonso will attend the inauguration of the monument, which will be built by public subscription.

Hooven Service, Inc.

Must Apologize

LATELY it has been a matter of great regret that, owing to the continued increase of business on Hooven letters and Hooven Automatic Typewriters, the deliveries of both letters and machines has been delayed.

It was to increase our facilities for quantity deliveries that we moved into larger quarters in our own building last February. But the increase in business has been beyond our most sanguine expectations.

We are again planning to increase our facilities for production and believe that in a short while all delays will be overcome.

We ask our good patrons to bear with us at this time and to believe that our every effort is being put forth to deliver the sort of service which their businesses need and to speed deliveries on the machines which have been ordered.
